

Steering Committee/Process Champion Expectations

City of West Allis Strategic Plan

Date: May 19, 2016

In order for this five-year strategic plan process to be the most successful, we need the consistent and intentional input of each steering committee member and/or alternate at all process meetings.

We expect, that as a steering committee member representing your specific city department, agency, public advisory board/committee, or constituency, that you will identify alternates for the duration of the process/steering committee & public input meetings to ensure department/agency/constituency representation

As process champions, this ensures that the consistent and intentional voice of department/agency/constituency is heard/expressed/included.
