8.3	<p><b>Capital Fund Financing Program (CFFP).</b>  <input type="checkbox"/> Check if the PHA proposes to use any portion of its Capital Fund Program (CFP)/Replacement Housing Factor (RHF) to repay debt incurred to finance capital improvements.</p>
9.0	<p><b>Housing Needs.</b> Based on information provided by the applicable Consolidated Plan, information provided by HUD, and other generally available data, make a reasonable effort to identify the housing needs of the low-income, very low-income, and extremely low-income families who reside in the jurisdiction served by the PHA, including elderly families, families with disabilities, and households of various races and ethnic groups, and other families who are on the public housing and Section 8 tenant-based assistance waiting lists. The identification of housing needs must address issues of affordability, supply, quality, accessibility, size of units, and location.</p> <p>In 2014, the West Allis Department of Development completed its 5-year 2014-2018 Consolidated Plan for the CDBG and HOME programs and the Plan received approval from HUD’s local CPD office in July 2014. In order to complete the 2014-2018 CPD Plan, HUD provided various local demographic information in the form of CPD Maps data. This information is the most recent source of information available to West Allis that addresses housing needs.</p> <p>West Allis has an older housing stock and is a landlocked community. Commonly the older housing stock provides rents that are affordable, but often need investment to improve the quality of the unit. There are major concerns in the quality of rental housing for low-moderate income families. Four key issues are affordability, availability (of decent housing), quality and appropriate size. The City fully utilizes its Section 8 Housing Choice Voucher program to assist families with the 30% cost burden mentioned below in the chart.</p> <p>Based off of the provided CPD Maps, the most common of the “four housing problems” that exist in West Allis is Cost Burden. There are very few substandard housing and crowding problems. In addition, the CPD Maps report shows that the listed “housing problems” are more prominent for renters than owners.</p> <p>The population at large according to the CPD Maps data, have some renters and owners lacking complete plumbing or kitchen facilities and some households with severe overcrowding. However, all properties under contract under the Section 8 program are required to pass HQS standards, which would not allow for incomplete plumbing or kitchen facilities, nor severe overcrowding, which leads West Allis to conclude that the respondents of the CPD Maps data who experience these “problems,” are not Section 8 participants.</p> <p>In spite of the West Allis’s efforts, there are still population groups that have unmet housing needs, including housing units with lower and more affordable rents, and units that are safe, affordable and energy efficient. West Allis’s “needs” issues most likely pertain to cost burden and crowded household units. The rent burden “issue” is due to lower incomes of the City’s residents (average household income: \$44,136). The City has a high duplex housing stock, which include smaller upper units with few bedrooms, leading to the overcrowding “issue.”</p> <p>Those households at 30% or less of CMI have limited choices and often must pay more than 50% of their incomes for adequate housing. Less than 5% of the rental housing units are affordable to those households with &lt;30% CMI. West Allis’s response to this cost burden is to continue to utilize its maximum budget authority under the Section 8 program, thus issuing as many vouchers as possible.</p>

<p>9.1</p>	<p><b>Strategy for Addressing Housing Needs.</b> Provide a brief description of the PHA’s strategy for addressing the housing needs of families in the jurisdiction and on the waiting list in the upcoming year. Note: Small, Section 8 only, and High Performing PHAs complete only for Annual Plan submission with the 5-Year Plan.</p> <p>West Allis is a landlocked, fully developed community with an older housing stock (City established in 1906). The City’s older housing stock is located on the east end of the City boundary, and the homes tend to be smaller and consist of an abundance of rental properties. Often these homes are entry level for first-time homebuyers. As a landlocked community, the City has not seen a large increase in housing units. The City of West Allis has goals of creating affordable housing units by effectively utilizing CDBG funds and supporting tax credit application for low-income elderly housing. Recent developments have preserved very low-income elderly housing and housing for low-income people with mental illness.</p> <p>Housing challenges for the City include absentee landlords and disinvestment in older homes. West Allis plans to correct these challenges, one-by-one, by promoting housing rehabilitation programs with CDBG programs for qualifying homeowners and rental properties.</p> <p>The City of West Allis intends to use approximately 15% of its Federal funds to provide rehab loans to owners of single-family homes whose household income does not exceed 80% CMI, and owner-occupied duplexes whose household income does not exceed 80% CMI. Most of these families would be smaller family sizes. The City also provides home security devices to approximately 30 households/year, whose income does not exceed 80% CMI.</p> <p>The lingering effects of the 2008 recession are likely to result in a continuing tight rental market, and higher rental levels. West Allis hopes to attract some homebuyers of moderate income because its home prices may be more affordable compared to surrounding communities. This may place an upward pressure on owner units for sale.</p> <p>West Allis is part of the greater Milwaukee housing market and the West Allis housing is generally somewhat more affordable compared to the market elsewhere in the Milwaukee County area. For units with 3 or fewer bedrooms, the high HOME rent levels are slightly above the fair market rent levels.</p> <p>All units that are under a Section 8 HAP contract and receive subsidized rent payments are required to undergo an annual Housing Quality Standard (HQS) inspection to verify that the unit meets HUD-determined living standards before the tenant is allowed to live in the unit and the owner is allowed to receive rental assistance payments from the PHA. Any unit that does not pass the HQS inspection is required to make the appropriate modifications/improvements and a follow-up inspection would be scheduled to ensure a proper living environment for the low-income household members.</p>
<p>10.0</p>	<p><b>Additional Information.</b> Describe the following, as well as any additional information HUD has requested.</p> <p>(a) Progress in Meeting Mission and Goals. Provide a brief statement of the PHA’s progress in meeting the mission and goals described in the 5-Year Plan.</p> <p>In August of 2013 the City of West Allis exhausted a waiting list of over 5,000 applicants created in 2005. A new waiting list consisting of 500 individuals chosen by lottery was created in this same month. Over 14,000 individuals applied during this 48 hour period that was conducted via an online application. The City continues to invest HOME funds to allow for income qualifying households to improve the energy efficiency of single family as well as duplexes. It also utilizes these monies to assist with homeownership.</p> <p>(b) Significant Amendment and Substantial Deviation/Modification. Provide the PHA’s definition of “significant amendment” and “substantial deviation/modification”</p> <p>Substantial deviations or significant amendment/modifications are defined as discretionary changes in the plans or policies of the Community Development Authority of the City of West Allis (the “CDA”) that fundamentally change the mission, goals, objectives or plans of the CDA’s Annual Plan and the Section 8 Housing Choice Voucher (HCV) Administrative Plan and which require formal approval of the CDA. The CDA will consider the following to be substantial deviations and significant amendments/modifications:</p> <ul style="list-style-type: none"> <li>• Significant changes to a Housing Choice Voucher (HCV) or Project Based Voucher (PBV) Activity outside the scope of the CDA’s HUD-Approved Annual Plan;</li> <li>• Changes to rent or admissions policies or organization of the waiting list;</li> <li>• Changes to the Section 8 Housing Choice Voucher Program Administrative Plan that affect deadlines and the method of communication between the Housing Office staff and Section 8 participants;</li> </ul> <p>A substantial deviation does not include any changes in HUD rules and regulations, which require or prohibit changes to activities listed herein.</p> <p><b>VIOLENCE AGAINST WOMEN ACT (VAWA)</b></p> <p>The West Allis Community Development Authority was not requested to provide any VAWA services in the last year. However, if the West Allis CDA was asked to provide VAWA services, the CDA would partner with the West Allis Police Department and its WISH (Women Initiate Self-healing &amp; Hope) program to seek services.</p>
