Mobile Teen Replica Room

Come learn what Parents & Youth Role Models can all do to keep our youth and young adults safe when it comes to peer pressure, drugs & alcohol, the internet, trafficking, doctor prescribed medications and current trends in our community.

Parents are still the most powerful influence in their children's lives. According to the Dept. of Justice, youth who learn about drugs and alcohol from their parents are 50% less likely to use than those who don't.
